To Whom It May Concern,

I hope you are well. I am writing to sincerely apologize for missing the recent random drug testing at school. I received the email regarding the test but, due to my busy schedule, I was not able to open it in time. As a working student, I am fully responsible for supporting myself in order to continue my education. Balancing work and school can be overwhelming, and unfortunately, this led to me overlooking important communication about the testing.

Please understand that I deeply value my studies and the opportunity to remain in school, but I also need to work to ensure I can continue with my education. If I do not work, I would not be able to afford my studies. I truly regret this oversight and would like to take responsibility by rescheduling the drug test at your earliest convenience.

I appreciate your understanding and support in this matter and am fully committed to complying with the school's requirements moving forward. Thank you for considering my situation.

Sincerely,

Anne Lorraine F. Ramos
